DETAILED ACTION

Allowable Subject Matter

1. Claims 1-19 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Re claims 1-19, prior arts do not teach or suggest the combination of a flexible reinforcement member for a communications cable with said primary saturant that fills interstices between said high modulus fibers, serves as a matrix in which said plurality of high modulus fibers is dispersed and encased, and an outer layer of a high molecular weight, nonwater-based, water swellable polymer coupled to said primary saturant such that said outer layer surrounds said strand.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
